Sound Absorption

Voxflor carpet tiles can reduce reverberative noise in a commercial office environment.

UV Resistance

Some fading may be observed in areas of intense sunlight.

Sustainability

Voxflor is committed to the protection of the environment and all products are manufactured to strict ISO 14001: 2004 standards.

Installation

Boston carpet tiles must be installed by a competent and experienced carpet installer and we recommend the full stick method - more information on the recommended installation procedures is available on our website www.advanceflooringsystems.com or upon request.

We recommend the following installation method for Boston.

Recommended Adhesive

Strongbond 65 – Look Floors, or Polymer 999 PS – Gilt Edge Industries.

Cleaning and Maintenance

Proper maintenance is one of the most important factors to ensure good performance of carpet. When possible Boston should be vacuumed daily. In the first instance, a good entrance matting system installed at entry areas will help collect up to 90% soiling before it is tracked into the interior of the building - more information on the recommended maintenance procedures is available on our website www.advanceflooringsystems.com or upon request.

Warranty

The manufacturer guarantees the product for ten (10) years for wear resistance, delamination and dimensional stability. Boston has a lifetime stain, soil and antistatic limited warranty and a 25-year fade resistance, abrasive wear limited warranty and a 15-year castor chair limited warranty.
