UV Resistance

Some fading may be observed in areas of intense sunlight.

Sustainability

ScrapeRib entrance carpets supplied with the optional rubber backing system contain up to 30% recycled content to the backing system.

Installation

ScrapeRib carpet must be installed by a competent and experienced carpet installer and we recommend the full stick method - more information on the recommended installation procedures is available on our website www.advanceflooringsystems.com or upon request.

Recommended Adhesives

Please see installation instructions.

Cleaning and Maintenance

Proper maintenance is one of the most important factors to ensure good performance of any carpet. ScrapeRib should be vacuumed daily as it will collect significant soiling before it is tracked into the interior of the building. More information on the recommended maintenance procedures is available on our website www.advanceflooringsystems.com or upon request.

Warranty

ScrapeRib has a 2-year warranty on wear and performance, stairs excepted, conditional on the product being installed and maintained according to the manufacturers recommendation.
