Symphony2

Symphony2 Entry Carpet System

Symphony2 offers proven performance in four key areas - moisture absorption, dirt 'brush-off', cleanability and appearance retention, making Symphony2 one of the most effective entrance floorcoverings that can stop up to 90% of dirt and moisture within 6 metres of entry. As it is composed of an ingenious combination of 100% regenerated polyamide nylon (Econyl) filaments, this results in a perfect combination to 'brush off' dirt and 'absorb moisture (absorbing 5.6 litres of water per m² when tested to ISO 105). Specify with confidence as Symphony2 provides you with safe entranceways, is durable and compliant achieving CFR 4.9 kW/M² when tested to ISO 9239-1. See the technical specifications for more details.

At a glance

5 Year Guarantee

Absorbent

Durable

Non-Slip

Compliant

Available in 1950mm wide rolls - 20m lengths. Symphony2 has a 5-year warranty on wear and performance, stairs excepted, conditional on the product being installed and maintained to the manufacturers recommendations

Key benefits
