FLOORING SYSTEMS

GRAFIC

Grafic is different. You can see that immediately. A clean-off entry carpet available in one, perfectly chosen background colour with subtle, graphic patterning. This pattern may seem like a small detail, but this styling will make a world of difference to any entrance area.

Grafic achieves the highest standards of wear resistance (usage class 33), sand absorption (class 3) and absorbs an impressive 4.8L per m².

Grafic will trap dirt and moisture from footwear from any direction at entrance ways, stopping up to 95% of walked in dirt and moisture which will prolong the life of your surrounding flooring as well as greatly reducing cleaning costs and the risk of slipping.

Grafic is available in 20.0 metre rolls x 2000mm wide. Can be cut and edged to custom sizes.

Grafic has the following benefits:

- ✓ Subtle and unique graphic patterning
- ✓ Class 33 wear resistance
- ✓ Absorbs 4.8L per m²
- ✓ Seamless, low profile surface
- ✓ Removes dirt and moisture from any direction
- ✓ Save on cleaning costs, easy to clean and maintain
- ✓ Compliant, has been tested and exceeds the NZ flammability requirements
