Sound Absorption

Zeno Protect Excellence carpet can reduce impact noise by up to 32 dB.

UV Resistance

Some fading may be observed in areas of intense sunlight.

Sustainability

Zeno-Protect B.V. is committed to the protection of the environment as the PA6 fibre system (Econyl) is made with 100% post-consumer, post-industrial and internal recycled content

Installation

Zeno Protect Excellence carpet must be installed by a competent and experienced carpet installer and we recommend the full stick method - more information on the recommended installation procedures is available on our website www.advanceflooringsystems.com or upon request.

Recommended Adhesives

Entrance matting applications - Giltgrip 88 – Gilt Edge Industries Ltd
Applications other than entrance matting - Strongbond 65 – Look Floors, or Polymer 999 PS – Gilt Edge Industries Ltd.

Cleaning and Maintenance

Proper maintenance is one of the most important factors to ensure good performance of any carpet. Zeno Protect Excellence should be vacuumed daily as it will collect up to 90% soiling before it is tracked into the interior of the building. More information on the recommended maintenance procedures is available on our website www.advanceflooringsystems.com or upon request.

Warranty

The manufacturer provides a 5-year limited warranty
