

ZENO PROTECT EXCELLENCE

ENTRANCE CARPET

Zeno Protect Excellence is an extra heavy duty entrance carpet system and super water absorbent by absorbing over 5 litres of water per square metre and stops up to 90% of dirt and moisture within 6 metres of the entry. This provides great performance for intense wearing entrance ways.

Zeno Protect Excellence is made from 33% recycled yarn content and is produced utilising solar energy making this an environmentally conscious entry carpet solution.

Zeno Protect Excellence is available as an entrance carpet, and is also your premium choice of infill for the Architectural Entrance Matting series. This gives you another reason to specify Zeno Protect Excellence with confidence

Available in 25 metre rolls x 2000mm wide.
Can be cut to custom lengths.

Zeno Protect Excellence has the following benefits:

- ✓ **Extra heavy duty performance, devised for high traffic areas**
