

WETLAND

COLLECTION

01.

A RECALL FROM NATURE

We want to build up a **concept around nature**. What **wetlands** are carrying behind could be the **strongest message** we'd like to send to people.

02.

SYMBOLIZED COLOR ACCENTS

Like the **texture of the wetland**, it differs from place to place, **yellow-ish, green-ish or even blue-ish** are fully inspired by the concept behind this collection.

01.

OUR GOAL

Thanks to the **ultimate technology** our **Inkpression** system can insure vivid **colors**, prefect **geometries** and great **performances**.

Crowded cities and their busy traffic can be stressful, but are a certain part of most commuters' everyday lifestyle. To balance it out, we bring nature into people's life, employing a number of methods, using natural materials, natural patterns or simply natural colors.

PRODUCTS

Delicate texture and the embellished **color accent** fully **highlight** the products.

Wetland is a product based on a fully organic pattern with soft natural color accent which provides a gentle and elegant solution for those spaces which require a neutral background but not a fully neutral flooring. The soft tints used in the carpet tiles generate calm dynamics into the pattern so to create unique combinations enhancing the whole interior design, without overtaking its neutrality. The fill color product, Awake, by using the same hues of Wetland, extends the flooring design options with a natural textured design and delicate tones.
