Express Delivery Kingston - Carpet Tiles

Sound Absorption

Kingston carpet tiles can reduce reverberative noise in a commercial office or education environment.

UV Resistance

Some fading may be observed in areas of intense sunlight.

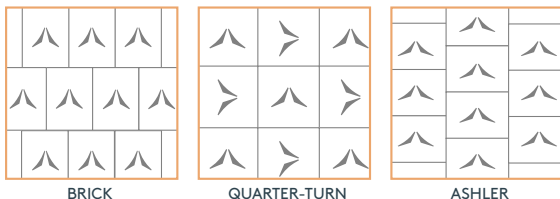

Sustainability

Voxflor is committed to the protection of the environment and all products are manufactured to strict ISO 14001:2004 standards. Kingston carpet tiles are Eco Choice Aotearoa certified.

Installation

Kingston carpet tiles must be installed by a competent and experienced carpet installer and we recommend the full stick method - more information on the recommended installation procedures is available on our website www.advanceflooring.co.nz or upon request.

We recommend the following installation method for Kingston.

Recommended Adhesive

Refer to Kingston Carpet Tiles Installation Guide.

Cleaning and Maintenance

Proper maintenance is one of the most important factors to ensure good performance of carpet. When possible Kingston Carpet Tiles should be vacuumed daily. In the first instance, a good entrance matting system installed at entry areas will help collect up to 90% soiling before it is tracked into the interior of the building - more information on the recommended maintenance procedures is available on our website www.advanceflooring.co.nz or upon request.

Warranty

The manufacturer guarantees the product for 15 (fifteen) years for wear resistance, delamination and dimensional stability. Kingston has a lifetime stain, soil, antistatic and a 15-year castor chair limited warranty.
