Manufacture

Dimension entrance tiles are manufactured in Germany, by Findeisen using manufacturing processes that are ISO 9001 compliant for its Quality Management Systems.

Smoke/Fire

Dimension entrance carpets have been tested and exceed the NZ requirements.

Technical Data Sheet

Dimension Entrance Tile - 08/23

Durability

Heavy Duty (excluding castors). Class 33.

UV Resistance

Dimension is suitable for interior use. Some fading may be observed in areas of intense sunlight.

Installation

Dimension entrance tiles must be installed by a competent and experienced carpet installer and we recommend the full stick method - more information on the recommended installation procedures is available on our website www.advanceflooring.co.nz or upon request.

Recommended Adhesives

Exterior applications – Roberts 6037

Covered external areas/garages (no pooling water) - Giltgrip 777

Internal (dry) areas – Uzin 57.

Cleaning and Maintenance

Proper maintenance is one of the most important factors to ensure good performance of any entry carpet.

Dimension should be vacuumed daily as it will collect up to 90% soiling before it is tracked into the interior of the building. More information on the recommended maintenance procedures is available on our website www.advanceflooring.co.nz or upon request.

Warranty

Dimension has a 5-year warranty on wear and performance, stairs excepted, conditional on the product being installed and maintained according to the manufacturers recommendation for intended use.
