Fortis

R9 Homogenous Vinyl

R9 Homogenous Vinyl

Fortis is a homogenous general purpose roll-based vinyl covering. Thanks to the Silver Knight iGuard surface, it has an integrated self-disinfecting property that provides a broad spectrum and long-lasting hygiene. It is a product with the highest level (Group T) of wear resistance, making it one of the most durable and lasting solutions for public uses. The proprietary technology used with Fortis ensures the highest dimensional stability on the market, which is usually around one-fourth of the limits specified in the standard.

Key benefits

- Easy to clean.
- No wax or buff for life!
- Suitable for heavy traffic areas.
- iGuard self disinfecting surface.
- Group T wear rating.
- Superior dimensional stability
- NZ stock.
- Broad range of colours
